WILL CONFER ON PEACE IN CANADA

Mediators Name Niagara Falls as Place and May 18 As The Date.

WILL DROP CARRANZA.

Outcome of Negotiations Causes Speculation Among People in This Country and Mexico.

Washington, May 6.— Secretary Bryan announced last night that the three South American mediators in the Mexican difficulty would meet at Niagara Fals, Canada,, to receive representatives of the parties to the controversy. The Secretary said that they had notified the different parties, and that May 18 had been fixed as the date when the conference will begin.

It became known that Huerta wished the negotiations to take place in neutral territory, suggesting Canada, but this had encountered opposition on the ground that Canada, being a British colony, might introduec into the negotiations a European element, and also because it was believed the British government would not particularly be desirous of having the controversy brought within its domains.

The text of the note from mediators to General Carranza, made public, stated definitely for the first time "that all the difficulties which contributed toward the present situation in Mexico bear either directly or indirectly on the solution of the pending conflict between Mexico and the U. S" The mediators therefore announced that all these difficulties "should be made the subject of consideration in the negotiations."

They also informed Carranza that they considered a suspension of hostilities as "indispensable" to his participation in the mediation."

DID NOT MENTION CHURCH.

Episcopal House of Worship Was Supported by Late Millionaire.

Asheville, N. C., May 6.—That All Souls' Episcopal Church, famous throughout the country as "George Vanderbilt's Church," and noted for the most costly pipe organ and probably the highest priced choir in the South, was not provided for by its founder has been learned since the filing of the will of the late millionaire. Just what will become of the church is a question which is causing the members of the parish considerable anxiety and an announcement from the executors, Mrs. Vanderbilt and Wm. K. Vanderbilt, is awaited with keen interest here.

The church is the most unique in the United States, having been supported entirely by the late master of the Biltmore estate. He built it before his mansion was finished and supported it without aid from any source. All collections were given to charity and Mr. Vanderbilt was a member of the vestry. Sunday afternoon concerts have drawn throngs each week for years past and thousands visited the house of worship on the days that Mr. Vanderbilt worshipped there. No mention of the church is made in the will.

Courtney Acton is the chairman of the committee which has charge of the arrangements, and Erving G. Schwarzmann is chairman of the floor committee. About 150 couples are expected to attend. COXEY'S ARMY IN MARYLAND.

"General," Wife, Son and 14 Men Spend Night at Grantsville.

Cumberland, Md., May 6.—"Gen." Jacob S. Coxey and his army reached Maryland soil yesterday and spent the night at Grantsville, Garrett county, 25 miles west of here. The army expects to reach Frostburg today.

It is composed of 14 men. Coxey leads, riding in a phaeton with his wife. The army follows, and Coxey's son on a pony brings up the rear with a party of six newspaper men.

Charles Enochs, of the Central Fire Department, Cumberland, who joined Coxey here on his first trip, had been arranging for the reception of the army here. He states that the Chesapeake and Ohio Canal management refuses to allow Coxey the use of a boat, which was the means of transportation used 20 years ago. The army will reach here Thursday.

Beat Their Own Mother.

HUERTA SENDS FAMILY AWAY

Japanese Steamship, Will, it is Said, Carry Them From Mexico.

MAY LEAVE HIMSELF.

Dictator's Purpose Past Finding Out—Said to Have Only About 1,000 Men With Him.

Torreon, Coahuila, Mexico, May 6.—The Mexican constitutionalist army under General Pablo Gonzales has already engaged the federal outposts at Saltillo, according to messages brought to General Villa by native runners early today. Villa has made preparations to go to Saltillo within a few hours.

Vera Cruz, May 6.—The report that Geneanl Huerta is preparing to step down from the provisional Presidency of the Mexican republic and to flee the country is strengthened by declarations coming from the Mexican capital today. Today's La Union contains this positive assertion under a Mexico City date line:

General Huerta's family left Mexico City Tuesday for Salina Cruz via Cordoba. This notice has been brought to State Deputy Pinero, in Vera Cruz, by Pedro Martinez, who is believed to be a messenger from Huerta.

Salina Cruz is a port on the southwest coast of Mexico. The only liners touching there are the Japanese Toyo, Kaisen and Kaisha.

Martinez was the conservative leader in the Mexican chamber of deputies when eighty members were imprisoned last fall when attempting to pass the Moheno bill providing for assumption of Mexican oil lands and their exploitation as a government monopoly. He always has been Huerta's strongest and closest friend.

Huerta's sending his family to Salina Cruz at this time is significant in that it points to the probability of the dictator either fleeing from the country or taking the field at the head of his army. This latter act on the part of Huerta has been contemplated for some time, it is said, because he has expressed his desire to remove his family to a place of safety before leaving the capital.

The resignation of Portillo Rojas, because he did not wish the minister to succed him to the presidency, also points to Huerta's intention to leave the capital. According to latest advices from Mexico City, Huerta is preparing to protect the capital against an advance either of the constitutionalists or the American forces at Vera Cruz. His mining of the railroad and recalling of federal generals from the north, under guise of keeping the armistice of the A. B. C., mediators, however, suggests that the dictator may choose to make some move against the Americans. At any event, his sending his family to the west coast placed them out of danger.

Vera Cruz, May 6.—General Francisco Villa, the rebel commander, may not make his intended descent on Mexico City before another three months, in the opinion of prominent business man, who has arrived from the capital. The refugee, who had just completed succesful negotiations with Huerta for the removal of a large quantity of bullion from the mining districts in the vicinity of the capital, says Huerta is still sending Federal troops northward, as he apparently dreads more the possible approach of General Villa than an advance of the Americans.

Villa is proceeding leisurely, says the refugee, if he has the intention of moving on the capital. Both Monterey and Saltillo are believed in Mexico City to have been evacuated by the Federals, who are said to have fallen back on San Louis Potosi, where they are understood to be threatened by the revolutionists, but are still holding out.

Huerta, he asserts, has done nothing to show he anticipates a forward movement of the American army or expects in the event of such a movement to offer serious resistance.

From personal observation the refugee estimated that General Maas has less than 1,000 men under his orders. He saw only a few small detachments here and there on the way from the capital.

Torreon, Mex., May 6.—The answer of General Francisco Villa to a request from Federal General Maas in command of the Saltillo garrison, that Villa join the Federals in avenging the American occupation of Vera Cruz, has been delivered to the Federal messengers.

General Villa refused absolutely to ally himself or his men with the Federals and declared that the Huertistas had provoked foreign intervention for their own ends.

Proposals from General Velasco to go over to the rebels because of alleged ill-treatment by the Federal government were laid before General Villa. Villa expressed himself as inclined to receive "so good a fighter." It is his custom to reject offers from Federal officers to serve under the rebel standard.

DYNAMITE FOR A BRIDGE.

New Violence in Connection With Traction Strike at Freeland.

Hazelton, Pa., May 6.—Seventeen State troopers arrived at Freeland yesterday, and are patroling that section as a result of the trouble the past two days from the strike of motormen and conductors of the Lehigh Traction Company, now operating its cars with other crews.

An attempt was made with dynamite during the night to blow up the trolley bridge at Drifton, where the line crosses on the way to Freeland. The rails were shaken slightly out of place; but the remainder of the structure was not affected.

On the south side of the city stones and logs were piled on the tracks to impede the progress of cars.

ABATTOIR MEN FINED.

Also Required to Post $50 Forfeit to Comply With The Law.

Richmond, Va., May 6.—For conducting unsanitary slaughter houses in Henrico county, eleven abattoir proprietors, who were arrested on warrants sworn out by Assistant Dairy and Food Commissioner Purcell several days ago, were yesterday fined $25 and costs each and recognized in the sum of $50 to make conditions surrounding their places of business meet the requirements of the food commissioner or discontinue using them as abattoirs. Magistrate H. S. Sunday presided.

All of them plead guilty following the case of H. G. Wunch, who attempted to put up a defense, but who was fined $25 and costs. He noted an appeal to the higher court, but reconsidered.

Danville, Va., May 6.—E. H. Hopkins, a dentist, shot and instantly killed himself at the home of his uncle, O. B. Roach, last night. While it was known that Hopkins had been suffering from a nervous breakdown for some time, no reason for his suicide has been advanec.

WEARERS OF GRAY AT JACKSONVILLE

Veterans Housed in Tents Are Recalling Thrilling War Scenes.

THE ALLIED SOCIETIES

Over Sixty Thousand Visitors in City—First Day of Grand Camp Exceedingly Interesting.

Jacksonville, Fla., May 6.—Survivors who wore the gray in the war between the states are gathered by the thousands in Jacksonville attending the opening of the 24th annual reunion of the United Confederate Veterans here today. Housed in the tents of Camp Kirby-Smith, the veterans recalled again the stories of Chickamauga and Missionary Ridge of Gettysburg and the Wilderness, and a score of other battlefields of the conflict between the North and the South.

Two allied organizations held meetings yesterday and last night. The Confederate Memorial Association met yesterday afternoon, and Sons of Confederate Veterans held its first meeting last night.

Park Trammel, Governor of Florida, and Van C. Swearingen, mayor of Jacksonville, formerly welcomed the veterans at their first meeting today. Sessions of the reunion will continue until Friday, when the meetings of the two allied organizations also will end.

The first parade of the reunion took place yesterday and included the sponsors and maids of honor from the various Southern States, who were sent there as a tribute of honor to the veterans. A parade of the Sons of Confederate Veterans will be held on Thursday, and on Friday the veteran parade will be held.

Alabama's division of the veterans will return to the State of Ohio a battleflag which was captured from one of Ohio's regiments in the historic conflict. Governor Cox, of Ohio will accept the return of the colors.

Selection of next year's meeting and election of officers for the coming year, will be made by the veterans on Thursday.

With the arrival of General Bennett H. Young this morning, the first day of the celebration attending the reunion opened with a swing and rush that betokens a lively week. General Young was met at the union station by Mayor Van Swearingen and escorted to his official headquarters at the Aragon Hotel. Max Morganthau has been appointed his bodyguard, and will look after the comfort of the aged commander during his stay in this city. As Mr. Morganthau was a former sparring partner of James Corbett, the general is safe.

Troop A, Forrest's Cavalry, with 146 men, ranging in age from 66 to 82 arrived today, and were wildly cheered as they marched to their headquarters in the camp, which extends through Dignan and Springfield parks in the heart of the residence section of the city.

Fully 30,000 persons have arrive and the trains are still bringing thousands into the city. Sixty thousand strangers are expected.

WANT COLLEGE OF THEIR OWN.

Virginia Delegation Favors Abandoning Attempt to Control Vanderbilt.

Salisbury, N. C., May 6.—Virginia delegation to the General Conference enroute to Oklahoma, passed through Salisbury Monday. Among the visitors are Rev. J. T. Moore, Dr. W. E. Beauchamp and J. P. Mos. The delegation is a unit on the proposition to abandon the attempt to control Vanderbilt College and to establish a theological university where the Methodist Church can have actual control.

There is a strong sentiment to have the General Conference adopt a more democratic plan in the appointment of ministers to different charges from year to year. The delegation has given no decided expression as to their support to the man for bishop.

Caton, of this city, and Messrs. Gettings and Chamberlain, of Washston, were counsel for the defendants, the New Amsterdam Casualty Company. Mrs. Mays, it will be remembered, sued the company for the amount of insurance held by her late husband, George W. Mays, who died from injuries from an accident. The court at that time had been charged by the judge to bring in a verdict for the defendant. The case decided today was on an appeal from the lower tribunal.

$23,300 FOR NEW HOSPITAL

List of Those Who Have Contributed Will be Printed Tomorrow.

SATISFACTORY WORK.

Collecting Committee Desires to Have $25,000, One-Half of Amount Needed, by Noon Thursday.

At the close of last night the bulletin board for the Alexandria Hospital fund showed $23,300.

On Thursday afternoon the list of contributors will as far as received, be published. All citizens who intend to subscribe, and who have not, up to the present time subscribed, are urged to bring in their contributions before noon tomorrow as it is the desire of the committee that the small sum required to reach $25,000 be turned in by that time. It would be very gratifying to the workers to have as many as possible in the "Quick-Giving Club" and they certainly hope that the amount subscribed will be more than half of the amount needed.

In addition to the amount on the score board it is a well known fact that a number of large and small contributions have been made and if it is possible to send them in at once it will not only assist the committee, but it will be an incentive to others to contribute.

The people of Alexandria should be highly gratifed to know that they have accomplished in a period of two and one-half weeks, for our hospital fund, more in proportion that our big suburb across the river did in that time.

At noon today numerous subscriptions had been reported which ran the total up to within $12.50 of $24,000. Will some one kindly send a check or subscription for enough to bring up the amount to $25,000?

Mr. Worth Hulfish, president of the Board of Trustees of the hospital, requests the Gazette to state that it is his request that every member of the board, (who have not previously done so) sign up for their contributions before ten o'clock tomorrow, so as to let the public see that the board is not asking others to contribute while not doing so themselves.

Drowned in James River.

Lynchburg, Va., May 6—J. W. Newbill, a young draughtsman, in employ of the Glamorgan Pipe and Foundry Company, was drowned in James river yesterday evening. He and R. H. Patterson managed to effect a landing, but Newhill was swept down stream and his body was not recovered at a late hour last night.

The creditors of the Mercantile Railway Building and Loan Association, consisting of several hundred small depositors who had savings accounts with the defunct concern and the banks who had loaned money on its stock as collateral, will within the next few days receive a dividend of seven per cent.

A decree has been entered in the Circuit Court by Judge J. B. T. Thornton, in the suit of F. F. Marbury and others against the loan company authorizing Douglass Stuart, receiver of the concern, to pay the dividend.

Two previous dividends, one of 30 per cent, and one of twenty per cent, have already been made, and Receiver Stuart stated today that there will be another small dividend to the creditors before the affairs of the association are wound up.

The stockholders will lose all the money they invested. The Mercantile failed three years ago during Alexandria's black financial period following the closing of the doors of the Virginia Safe Deposit and Trust Corporation.

BOYS ARE GIVEN LIQUOR

Alfred Peters Charged With Procuring Wine and Whisky for Youths

A few days ago the police were notified that several boys, whose ages range from twelve to fourteen, were in an alley on Pitt street, between King and Cameron, showing the effects of liquor. The police took the youngsters in charge and endeavored to ascertain who purchased the liquor for them. Yesterday they arrested Alfred Peters on the charge of procuring the stimulants for the youths.

Peters was brought before the Police Court this morning to answer the charge. The boys told straight stories. They alleged that Peters procured the liquor, telling the amount of money they gave him on the occasion.

The accused has secured counsel, who was unable to be present this morning, and the case was continued until tomorrow.

The minimum fine for furnishing liquor to minors under the Bry law is fifty dollars, and in addition a term in jail of sixty days can be added.

The fact that boys are furnished liquor in Alexandria has been evident for some time. Occasionally those in their teens are seen on the streets showing the effects of stimulants.

Prince William Youngsters Leave Home for the Purpose of Having a Good Time.

The conductor stated that they had boarded the train in Washington, had been disorderly and drank whisky. The special officer took the youths from a car and told them to leave the depot. They refused to go, became disorderly and he was compelled to arrest them. They gave their names as George Dobson and E. F. Hepner, of Wellington, Prince William county.

One of the couple left $5 collateral for his appearance in the Police Count this morning. He did not appear, and his companion was fined $5.

NEWS OF THE OLD DOMINION

PRICES OF SCHOOL BOOKS.

Board Will Have Them Placed at Minuimum Rate.

Richmond, May 6.—The subcommittee appointed recently by the State Board of Education to conduct the negotiations with the publishers regarding reductions in the prices quoted for textbooks in Virginia formulated yesterday its initial proposition to the publishers whose books were placed on the "preferred list" announced by the board in lieu of a list of adoptions. In this first communication the committee formally informs the publishers of the action taken by the board in refusing to adopt a new list of textbooks for Virginia schools because of the alleged exorbitant prices.

Without entering at all into details of the compromise, the committee asks each publisher whether he is willing to make any change in the prices quoted either on the basis of a four-year adoption or on the basis of a seven-year adoption. To show that the "preferred list" is by no means final, the committee asks each publisher to offer some book of equal merit with books on the preferred list, if possible, at lower prices.

The committee, which consists of Superintendent of Public Instruction Stearnes, Governor Stuart and Attorney General Pollard, authorized Superintendent Stearnes to address a communication to the publishers at once.

The report to be made by the committee to the full board will depend in a great measure on the replies received to this letter. At its first meeting the committee decided to recommend to the board the continuation of the present book contracts for another year pending a full investigation of the alleged discrimination in prices unless the publishers agree to make substantial reductions in the original prices quoted.

Up to the present time the publishers have preserved an ominous reticence. There has been absolutely no intimation given by them of the attitude they will assume toward the demands of the board, and no one knows whether the book adoption will be postponed for another twelve months or a working agreement reached with the publishers of the books on the "preferred list."

YOUNG MEN GET FOUR MONTHS.

Young Men of Richmond are Convicted Under New Law.

Richmond, Va., May 6.—Sentence of four months in jail was meted out yesterday to Joe Campbell and Wm. Blakeley, young men charged with taking a joy ride in an automobile belonging to John L. Dorset, manager of the Haines, Cadbury & Jones Company. They were convicted under the new law imposing a penalty for driving off with a machine without the knowledge of the owner.

It was alleged that after enjoying a ride in Chesterfield they ditched the machine on the outskirts of South Richmond.

Similar charges against Roy Martin and Ray Manning were dismissed after they declared they were in the machine as invited guests of Campbell and Blakely and did not know that it had been taken without the knowledge of its owner.

Edward Brown, another youth, who participated in the same ride, will be sent back to the reformatory from which he is said to have escaped recently.

The police believe that this same gang of boys have been involved in the driving off of machines belonging to several physicians within the last few week. Among the physicians who lost their cars temporarily are Drs. Hodges and Vanderhoof.

DANGEROUS INSANE WOMAN.

Richmond Officers at Bay for Eight Hours.

Richmond, May 6.—Becoming suddenly deranged at 2 o'clock yesterday morning, Mrs. M. N. Shelley, of 112 Fourth Avenue, Highland Park, attempted to shoot her husband and friends who had come to his assistance, and, after their escape, barricaded herself in. It was not until 10.30 o'clock, more than eight hours after the attack on her husband, that officers were able to place her in custody.

Mr. Shelley was awakened by the frantic efforts of his wife to strangle him to death. In response to his cries for assistance, members of the Acks family, who live upstairs in the same house, came down, and finally burst in the Shelley's bedroom door. It was not until after a difficult struggle that they were able to wrench Mr. Shelley from his wife's clutches. They dragged him out to the porch, Mrs. Shelley following. Officers arrived and had told Mrs. Sheley to accompany them, when she slipped back in the house, dragging her husband with her.

The moment she got inside her room again she grabbed a revolver from a bureau drawer and fired point blank at Mr. Shelley. Though thoroughly frightened, he had presence of mind enough to throw up his arm striking the revolver upwards and the bullets went wild. As he ran from the room the mad woman followed, firing as she ran. The officers and men on the porch fled under the hail of bullets, and none was harmed. One of the bullets crashed through the window of a house on the opposite side of the street, passing above the heads of the slumbering occupants of the room.

After the men had gone Mrs. Shelley entered the house and locked all the doors and windows.

There were two revolvers in the house and the officers knew that they would risk their lives if they attempted to approach. Mrs. Shelley would not answer their repeated calls, and they were in a quandary until some one hit upon the idea of having the woman's pastor ask her for admittance. The Rev. Samuel H. Templeman, pastor of the Northside Baptist Church, was called. He went to the door, knocked and spoke reassuringly to the woman. She recognized his voice, and at once admitted him. The officers then had no further difficulty, and Mrs. Shelley was taken to the Henrico county jail. There, in the afternoon, she was formally adjudged insane by a commission of lunacy, and will be sent to the Eastern State Hospital, at Williamsburg.

NEGRO ATTACKS WHITE MAN.

Later Arrested, Fined $50 and Given Six Months in Jail.

Bowling Green, Va., May 6.—R. T. Beasley, who carries the mail from Bowling Green to Milford, and also carries passengers, was attacked by Amos Upshur, colored, who drew a razor on him and threatened to kill him, because he would not agree to take him to Brandywine, which is about sixteen mles from this place. Mr. Beasley jumped from the stage and Upshur chased him around it several times with an open razor. Mr. Beasley then managed to get to a nearby house and secured a revolver. Upshur then ran off and came to Bowling Green, where he was at once arrested and carried before Justice T. D. Coghill, who imposed a fine of $50 on him and gave hm six months in jail. Upshur is from Essex county, but for a number of years has been working in New Jersey and was on his way home to his father's funeral. When arrested he appeared to be doped.

HEAD SPLITS BULLET.

Little Negro Narrowly Escapes Death When Revolver Fires.

Lynchburg, Va., May 6.—The head of Willie Bartee, an eight-year-old colored boy, is evidently harder than a bullet, for Sunday evening while playing with a .38-caliber revolver, it accidentally fired, and the bullet struck the little negro on the head, just above the right eye and the lead missile split in four pieces, one part lodging in the wall while a larger piece buried itself beneath the skin and finally stopped over the right ear, where it was extracted by a colored physician.

At last reports the little boy was living and it was not thought that the wound would prove fatal, although the bullet nearly touched the brain. Two small bits of the bullet were picked out of the skin. The accident occurred in a house at 511 Turnpike street, while the boy's father was asleep in an adjoining room. The revolver was lying on a dresser, and the little negro climbed in a chair and took the revlover down. While he was playing with it on the floor, one cartridge was discharged and it is considered miraculous that the boy was not instantly killed.

TERRIBLE EXPERIENCE.

Colored Woman Trapped in Burning Home Rescued With Difficulty.

Norfolk, Va., May 6.—Fire, which broke out shortly bfore 3 o'clock Monday morning consumed three frame dwellings, occupied by colored people in Highland avenue, Brighton. The origin of the blaze is not known. It started in the rear of one of the structures, and swept rapidly through the row. Lack of fire fighting facilities prevented any determined effort to stop the progress of the flames.

Nannie Moore, colored, occupant of one of the dwellings, came very near being burned to death in her home. She was asleep when the fire broke out, and couldn't get out of the building. Her son leaped through a window, and when he told those on the outside his mother was trapped in the building, three colored men went into the burning house and rescued the woman. She was badly bruised about the face, scalp and arms. She also inhaled the flames and may die as the result of her injuries.

Flood deputy revenue collector, had two ribs broken, two front teeth knocked out and a cut on the head; Mrs. R. D. Oglesby, daughter of Mrs. Flood, had one rib broken and cuts on the head; Mr. and Mrs. J. B. Heard, and Mr. R. D. Oglesby, had minor cuts and bruises. All of the injured occupied Mr. Oglesby's automobile and they were returning from the May Day celebration at the Sweet Briar College, and all of them were thrown out of the car except Mr. Oglesby, who held to the steering wheel.

NO PLACE FOR PARTISANSHIP.

The Philadelphia Record calls attention to the fact that Republicans and Progressives in the Colorado Legislature have seized upon the passions aroused by a labor trouble to attack a Democratic Governor and capture the votes of the union miners. This injection of partisanship into an extremely difficult and serious situation is almost as discreditable as anything that has occurred in the mining district. A committee chosen by all the labor unions of Denver drafted the impeachment resolution, and the Republicans and Progressives are lined up in support of it because they think they see a chance to make political capital. The Record further says:

"If impeachment proceedings were justified they should come last instead of first in the effort to ascertain the facts and apportion responsibility and punish guilt. No member of the Legislature, of any party, has any business to offer an impeachment resolution at the instance of one of the parties to the trouble in the mining camps.

"The first duty of the Legislature is to find out what has happened. Conditions have arisen which have impelled the Governor to appeal to the President to suppress insurrection. The Governor's action and the reasons for it are a proper subject for the inquiry of the Legislature. If the inquiry shall show that the governor was negligent in preventing violence, or that he was savage and vindictive in the repression of violence after it occurred, the foundation for impeachment proceedings would be laid.

"But it is a scandalous spectacle when Republicans and Progressives jostle each other in their eagerness to present and support an impeachment resolution framed by a committee representing the labor unions of Denver, without a word about the lawlessness that led to the employment of the militia."

"MAN'S FOES THEY OF HIS OWN HOUSEHLOD."

The killing of General Duryea in New York by his son Chester, is one of the most distressing occurrences recorded during the present year. The son emptied a pistol (seven shots) into his parent. The parricide says he intended ending his own life after committing the terrible deed, but changed his mind.

The circumstances which led up to this tragedy are hard to ascertain. The murderer is now supposed to be crazy, and attempts to establish this are being made by his relatives and friends.

The murderer has been contending with a divorce suit during the past thirteen years. His father had espoused the cause of his daughter-in-law, and chronic brooding over domestic infelicities may have prompted the young man to slay his best friend.

General Duryea during the civil war was colonel of a regiment of zouaves bearing his name. His regiment passed through this city attired in uniforms similar to those of the soldiers commanded by Colonel Ellsworth upon the capture of Alexandria in 1861. He escaped death in the clash of war and lived to be an octogenarian to be slain in his own house by his son.

The parricide says he was told to commit the deed by the shade of George Washington.

MINERS ORDERED TO WORK.

Union Officials Declare West Virginia Strike Must End.

Indianapolis, Ind., May 6.—Coal miners of the Kanawha district (West Virginia were ordered yesterday to return to work and continue the operations of the mines until either a new contract was signed or negotiations with the operators were severed. This action was taken by the international executive board of the United Mine Workers of America, which is in session here, after it had heard a committee from the West Virginia field.

William O. Green, secretary treasurer, said that most of the miners already had returned to work on the advice of the international officers. The dispute had to do with the interpretation of a clause in the contract which expired April 1, and which stated that the miners were to continue work 30 days after the expiration of the contract, or longer in case negotiations with the operators were still pending. Some of the miners held that negotiations were at a standstill and quit work.

The board also decided today that a committee would be appointed to draft the policy which the board should pursue in the Colorado strike. Mr. Green said this committee probably would be named late today or tomorrow, otherwise, he said, the Colorado situation was not touched upon.

Charlestn, W Va., May 6.—The tipple of the Hughstone Mines of the Hughstone Coal and Coke Company, was burned early yesterday with a loss of $5,000. The miners there are on strike.

Approximately 1,500 miners have returned to work, but it is reported here that in some sections the mines were idle this morning. No secret was made of the fear that miners east of this city would not accept the order of the union if it required them to return to work pending further negotiations with the operators.

Instructions to militia organizations throughout the country governing a possible mobilization of the National Guard were mailed to all militia officers by the War Department yesterday. The instructions cover particularly the financial operations incident to mobilization and the methods of securing railroad transportation. Under the regulations the local U. S disbursing officers throughout the country would be supplied with funds to move the militia by the various department quartermasters.

Young Philander Knox, son of the former Secretary of State, has made up with his wife, and the young couple, whose elopement caused a sensation four years ago, will soon leave for a honeymoon trip to Europe. Knox married Gertrude Boler, a shop girl, at Providence, R. I., in 1910, while he was attending school. A family row caused the estrangement which lasted four years.

ENDORSED AT HOME.

Such Proof as This Should Convince Any Alexandria Citizen.

The public endorsement of a local citizen is the best proof that can be produced. None better, none stronger can be had. When a man comes forward and testifies to his fellow-citizens, addresses his friends and neighbors, you may be sure he is thoroughly convinced or he would not do so. Telling one's experience when it is for the public good is an act of kindness that should be appreciated. The following statement given by a resident of Alexandria adds one more to the many cases of Home Endorsement which are being published about Doan's Kidney Pills. Read it.

H. C. Smith, tailor, 919 King St., Alexandria, Va., says: "I hope my statement will be the means of getting other sufferers to use Doan's Kidney Pills and be cured as I was. I could not begin to tell the agony I endured from my back. I didn't find anything that would cure me until I used Doan's Kidney Pills. They made me well in less than a month, and during the past two years I have had no trouble. The endorsement I gave at the time the cure was made still holds good."

Price 50c. at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mr Smith had. Foster-Milburn Co., Props., Buffalo, New York.

BIG AGRICULTURAL LAND OPENING

TWELVE HUNDRED AND FIFTY TRACTS of five and ten acres each to be granted in prospective settlers in throwing open Twenty Thousand Acres of Rich, Southern Georgia Land, which is admirably adapted to the growing of celery, sweet and Irish potatoes, cantaloupes, water melons, corn, oats, cotton, hay—in fact all staple crops grown in this fertile section, as well as a large variety of semi-tropical fruits, and the famous immensely profitable paper-shell pecans.

Providing you are eligible under the classifications prescribed by us, you are now offered an excellent opportunity to break away from the drudgery and toil of a small wage, or working for the benefit of landlords, and go back to the land of plenty, to which, if granted, you will hold a warranty deed and abstract.

The best security on earth is the earth itself and land is the basis of all wealth. Owners of productive lands are benefitting by the increasing high cost of living, while others are suffering from it.

An Opportunity to Secure Rich Productive Land Without Capital

You will not be required to leave your present surroundings now. All we ask of those to whom we grant tracks is that they plant or arrange a crop of one of the above-mentioned products within three years, after which we will have it operated (harvested and replanted) for grantees, in consideration of 25 per cent. of the net profits derived from the sale of the crops, thereby allowing the grantee to pursue his or her present occupation until such time as they determine just what the yield of their acres amounts to. Consider what this may mean as a source of income, when statistics show that the yield of one acre of celery amounted to $1,268.45, and that one acre of well-cared-for paper-shell pecans, in full bearing, should net its owner as high as $500.00 per year. We are of the opinion that after it is proven by actual results obtained in operating the land that they will need no further arguing, and waste no time in locating on this land of plenty. We also require grantees to occupy the land within ten years, or sell it to some one who will occupy it, otherwise it reverts back to the grantor.

The land included in this opening is located directly on and adjoining the Atlanta, Birmingham and Atlantic Railroad, about twenty-five miles west of Brunswick, a thriving city of fifteen thousand, having direct steamship service to New York and Boston, and excellent railroad transportation facilities to all points. The average temperature for six months of the year, from April to October, is 77 degrees; the climate is most healthful, delightful, and invigorating, and there is an ample rainfall of 51 inches per year.

Our Aim is For Mutually Beneficial Results.

As we are extremely desirous of having settlers locate on this property, and assist in its development, and thereby greatly increase the value of surrounding and intervening property, which we will hold and to increase the traffic along the Atlanta ,Birmingham and Atlantic Railroad, and thus facilitate the service, we feel warranted in granting these tracts to those who register with us. We also have in mind business and residence plots which we will offer for sale after the opening, but which will not be included in it. We have **"money-making afterward"** considerations in this liberal-minded opening similar to those of the Northern Pacific and other railroads when they granted their lands, and we expect to benefit thereby, as well as the ones who will receive the tracts.

We have also planned to develop what is designed to be the best equipped, most up-to-date, scientific, commercial farm and orchard in existence. It will consist of six thousand acres and will be included in this opening. All who register and receive tracts will get the benefit of the experiments and scientific methods in vogue thereon. While we are arranging to prevent over-registration, we will avoid many disappointments, such as occurred in other land openings conducted by the United States Government and railroads, by granting those who register in excess of the number of tracts to be granted, an interest in this commercial farm and orchard enterprise, in the hope that they may later locate in one of our town sites.

Examination of the land will be cheerfully permitted, and the opening will be held at Browntown, Wayne county, Georgia, one of the stations of the A. B. & A. Railroad, which is located on this property, and will occur as soon after the closing of registrations as arrangements can be made.

The presence of those registered will not be necessary at Browntown on the opening day, unless they wish to attend, for there will be no favoritism shown any one. It will be conducted by a committee selected for the purpose, and those registered will be notified of what they have been granted, as soon as possible.

With an ever-increasing population of this country there is no corresponding increase in the area of land, and naturally as the population increases and seeks the land in pursuit of health, happiness and independence, it will continue to be harder to secure.

The prosperous and contented class in Europe today are the descendants of those who secured land there when it was plentiful, while the descendants of those who obtained no land are now the peasants and slaves. **You must realize that this may be your last chance to secure land in this country without a large outlay of capital, so it should not be necessary to urge you to act at once by forwarding us the application for registration attached to this announcement.**

Quick on the Trigger With a Snap-Shot Eye

THE crack trapshooter has to be a man with steady nerves and muscles absolutely under control — always ready, at the sudden jerk of a string to swing his gun into place and bring down his clay pigeon. This means trained, not to the minute, but to the split-second. *He* takes no chances with his *nerves*.

We present the names of some of these crack shots who smoke Tuxedo. They like to smoke; but they take no chances on a tobacco that might "throw them off."

Tuxedo

The Perfect Tobacco for Pipe and Cigarette

is purposely made to give you all the benefits of the highest grade smoke. It is made from the very finest tobacco Kentucky grows — ripe, mellow, sweet and mild old Burley, aged right up to perfection-day. Then treated by the original "Tuxedo Process," which takes out the sting, makes Tuxedo smoke cool and slow, and guarantees that it *cannot bite* your tongue.

Tuxedo has had many imitators; none has ever equalled it in sheer quality and smoking-value.

Sick Headache.

Mrs. A. L. Luckie, East Rochester, N. NEWS OF THE DAY

Among the tales of atrocities told by the refugees from the west coast of Mexico who arrived Sunday on the steamer City of Sydney, at San Francisco, is that of the crucifixion of the Catholic bishop of Chalapa. According to the account, a detachment of the rebel General Zapata's soldiers called on the bishop to surrender the funds of his church. He refused, whereupon the soldiers are said to have nailed him to the cross and left him to die.

Mrs. Phillip Lemburger, wife of a farmer, near Wabash, Ind., was gored to death by a bull yesterday. She was crossing a 40-acre field with her 12-year-old daughter, when the animal attacked her. Dr. A. E. Rodgers, who was passing, armed himself with a pitchford and went into the field, but was immediately set upon by six steers. For 30 minutes the doctor fought off the animals, with the unconscious woman at his feet, and the little girl clinging to him. He and the child finally were rescued by some men, but Mrs. Lemburger was dead when they picked her up.

Stanhope W. Nixon, until recently a prominent Yale student and a son of Lewis Nixon, of New York, was yesterday found guilty in New Haven, Conn., of a technical charge of breach of the peace in connection with the assault upon Edward W. Everit, chief engineer of a telephone company, on October 21 last. Judge O'Meara imposed a fine of $200 and costs. Notice of an appeal was filed.

A maddened bulldog entered Perkins School at Akron, Ohio, yesterday afternoon, attacked a room full of small pupils, mangled three children before it was driven out of the room by the janitors and a teacher, and bit two others as it fled through the school yard. One child, may have received fatal injuries.

Twelve persons were killed and property damage estimated at several million dollars was caused by gales and floods which swept through the Central Western States, according to advices received in St. Louis yesterday. In Oklahoma three were killed; Illinois, two; Texas, two, and Kansas, three. Hail stones damaged fruit trees.

A consignment of fire arms, of the type used by sportsmen, consigned from the United States to Cork, were seized by customs officials at Belfast yesterday. After holding the arms for a time they were released. It was at first supposed they were for Ulster volunteers.

No effort to impeach Governor E. Ammons, of Colorado, will be made This was decided by members of the State Legislature opposed to the present administration at caucuses which lasted until early yesterday. Quiet pervailed in the strike region yesterday.

Two hundred and fifty Mohammedan Albanians, captured by the Epirote invaders at Hormova, were crucified in the Orthodox Church at Kodra, according to information received by the Albanian government. The Epirotes are said to have set fire to the church afterward, and allowed the bodies to burn.

After making a casual examination of the crematory at an undertaking establishment yesterday afternoon, Walter Johnson, who held a judicial position at the United States patent office in Washington, for the past 30 years, pressed the muzzle of a revolver to his right temple, pulled the trigger, and blew out his brains. In one of the coat pockets was found a letter addressed to Charles F. Chisholm, Garrett Park, Md., who is an assistant examiner of patents. In this letter Johnson left full directions for the funeral, and insisted that no religious services be conducted.

The Senate agreed to an amendment to the agricultural appropriation bill late yesterday afternoon, the effect of which would be to prevent the acceptance of any more funds from Rockefeller General Educational Board, a branch of the Rockefeller Foundation, in the prosecution of general farm demonstration work. At the same time the appropriation for this work was increased $250,000, the amount which the Rockefeller General Educatinoal Board has contributed annually for several years. The proviso which accompanied the appropriation is very sweeping and will exclude private contributions from any source.

FAMILY AVOIDS SERIOUS SICKNESS

By Being Constantly Supplied With Thedford's Black-Draught.

McDuff, Va.—"I suffered for several years," says Mrs. J. B. Whittaker, of this place, "with sick headache, and stomach trouble.

Ten years ago a friend told me to try Thedford's Black-Draught, which I did, and I found it to be the best family medicine for young and old.

I keep Black-Draught on hand all the time now, and when my children feel a little bad, they ask me for a dose, and it does them more good than any medicine they ever tried.

We never have a long spell of sickness in our family, since we commenced using Black-Draught."

Thedford's Black-Draught is purely vegetable, and has been found to regulate weak stomachs, aid digestion, relieve indigestion, colic, wind, nausea, headache, sick stomach, and similar symptoms.

It has been in constant use for more than 70 years, and has benefited more than a million people.

Your druggist sells and recommends Black-Draught. Price only 25c. Get a package to-day. N. C. 123

STEAMER BURNS AT SEA.

Survivors Rescued by Cunarder Franconia, Are on Way to Boston.

Boston, May 6.—The mystery surrounding the identity of the steamer which has been on fire in the westbound transatlantic steamer lane, south of Sable Island, for 48 hours, was solved last night, when wireless messages from the Cunard liner Franconia told of the burning of the freighter Columbian and the rescue of thirteen members of her crew from a small boat. The death of Chief Steward Matthews, whose body the survivors had in charge, and the disappearance of a second boat, in which were nineteen men, including the first and second officers, were also reported.

Whether the number of missing was represented by those said to be in the second boat is stll uncertain. Estimates by officials of the Leyland and Phoenix lines placed the number of the crew at between 45 and 50. It was thought possible that there was a third boat, commanded by Captain McDonald, of the Columbian.

After rescuing the occupants of the first boat, the Franconia searched until nightfall for the rest of the crew, but without result. Then Captain Miller, of the Cunarder, sent word ashore that he had given up the search, and would proceed for Boston with the survivers and his 1,733 passengers.

Search for the missing men of the Columbian has not been given up, however, Captain Miller notified the steamers Manhattan and Haverford, both eastbound, of the missing boats, and they sent word that they were heading toward the burning steamer.

The Columbian was owned by the Leyland line, but was chartered to the Phoenix line for a voyage from Antwerp to ew York. She carried no passengers.

The survivors suffered terribly during 40 hours' exposure in an open boat. Their exhaustion was so great that it was impossible to obtain a coherent story from them.

The Columbian caught fire Sunday night when about 300 south of Cape Race. A series of violent explosions followed almost immediately.. Capt. McDonald ordered the wireless operator, James Drohan, to send out calls for assistance, but one of the explosions put the wireless apparatus out of commission.

With the vessel belching flames and torn by the explosions, the order to abandon the ship was given.

BODY FOUND IN THE RIVER.

Remains of a Young Man in a Badly Decomposed Condition.

Richmond, Va., May 6.—The body of what seemed to be a young white man was found floating in the river yesterday morning in the vicinity of the mouth of Gillie's Creke, near the City Wharf. It was discovered by the crew of the city tug.

Coroner Taylor, on being notified, went to the scene, but he did not have the opportunity of viewing the remains, as it was deemed best not to bring the body ashore until after the arrival of the undertaker, the body being apparently in a badly decomposed condition.

At a Corporation Court of the City of Alexandria, continued and held at the Court House of said city on Thursday, March 19th, 1914.

BURNS IS INDIGNANT.

Calls Atlanta Police a "Bunch of Scoundrels."

Chicago, May 6.—Detective William J. Burns fairly bristled with indignation yesterday. He called the Atlanta police "a bunch of scoundrels," promised to return to the Georgia capital within a short time to carry the war to the police in the Frank case.

Reports from Atlanta telling of charges of bribery, perjury, and attempts to manufacture evidence against the negro, Jim Conley brought against Burns detectives, caused the Burns anger. These charges were made at the hearing in the extraordinary motion for a new trial for Leo M. Frank, convicted of the murder of Mary Phagan, the little factory girl.

Atlanta, May 6.—Following the reading of affidavits yesterday before Judge Hill that bribery had been used in an effort to clear Leo M. Frank, convicted of the murder of the Phagan girl, Solicitor Dorsey asked for the arrest of Dan S. Lehon, chief of the New Orleans branch of the Burns' agency. The detective gave $1,000 bond to appear before the garnd jury as a witness in an investigation. Solicitor Dorsey declared that he asked for Lehon's appearance merely as a witness. Burns will probably be put under bond also.

In his attack on the defense's extraordinary motion for a new trial, Solicitor Dorsey charged that he has evidence of a poison plot against Jim Conley, the negro factory sweeper. An affidavit to the effect that Rev. C. B. Ragsdale, the Baptist preacher, was paid $200 by the defense to sign the affidavit in which he declared that he heard Conley make a confession of the Phagan murder, was produced.

Frank's lawyers scored by offering an affidavit signed by James I. Innis, a Chicago handwriting expert, that notes written to Annie Maud Carter and accredited to Jim Conley are in the negro's hand writing.

Other affidavits hit at Detective C. W. Burke, private detective for the atorneys for the defense. Burke was charged with attempted bribery. He denied he used bribery.

George Epps, a newsboy who recently gave an affidavit that Detective John Black, of the local bureau, framed testimony against Frank, swore he had been enticed into going to Birmingham and intimidated into making this affidavit by C. W. Burke, B. Bernard and Jimmy Wrenn.
